Phase 2: Training Announcement

We are excited to share a Phase 2 Go-Live update with all stakeholders!

As part of Phase 2 of this project, we will:

- Transition from FOCOnline to the Palco web portal
- Offer an online enrollment option using Palco Intake to enroll new waiver participants, employees, and Employers of Record
- Offer an online resource, Palco Connect, for electronic timesheet review and approval for Employers and Workers
- Offer an online administrative resource, Palco Case Management Portal, for professional users like State staff, Consultants, Community Supports Coordinators, Third-Party Assessors, and CCSC.
- Offer an Electronic Visit Verification (EVV) solution for Employers and Workers called AuthentiCare

Throughout the months of February – May, Palco will offer numerous training opportunities for State staff, Consultants, Community Supports Coordinators, Third-Party Assessors, CCSC as well as Participants/Employers and Workers. The same training topics will be repeated on multiple dates and times so you can select the best option for your schedule.

In addition to training opportunities, Palco staff will offer live Question and Answer (Q&A) sessions specific to each of the groups listed above. This will give you an opportunity to call in and ask questions about a recent training session you attended and get clarification on specific areas of interest. Be on the lookout for emails and announcements for our upcoming training and Q&A sessions!

****If no one has joined a training session, after 10 minutes, Palco will end the session.**

City of Santa Fe Minimum Wage Increasing March 2022

Minimum wage is the lowest hourly payrate that businesses can legally pay their employees. Minimum wages are set at the Federal, State and in some cases, by county level.

The City of Santa Fe Living Wage Ordinance was adopted to establish minimum hourly wages. Effective March 1, 2022 all employers are required to pay employees an hourly wage of \$12.95 per hour. This includes part-time and temporary employees.

Please work with your Support Broker/Consultant/CSC to update employee agreements as needed. Please have budgets and employee agreements submitted to reflect the minimum wage increase as soon as possible. Please see link for more information about minimum wage in your area:

Coming 1/1/2023: Electronic Visit Verification (EVV) for Home Health Care Services

The Centers for Medicare and Medicaid services, in compliance with the 21st Century Cures Act, require all states to use Electronic Visit Verification (EVV) for Home Health Care services that require an in-home visit by a provider effective January 1, 2023. This includes services provided under an 1915(c) waiver such as the HCBS, DD Waiver, Mi Via Waiver, and Supports Waiver. The Medicaid Home Health benefit is defined through regulation to include (a) nursing services, (b) home health aide services, (c) medical supplies, equipment, and appliances. At the state's option, the benefit may also include physical therapy, occupational therapy, and speech pathology and audiology services. Services to be determined pending CMS guidance.

New Mexico, though given the option, will **not be** including therapies under this option.

EVV data will be collected using the Fiserv/AuthentiCare application.

Additional information is forthcoming.
