- This session is targeted to Mi Via and SW self-directed vendor agencies, EORs, employees

QUESTIONS & CONCERNS

*Investing for tomorrow, **delivering today.***

QUESTIONS AND CONCERNS: PROGRAM QUESTIONS

QUESTION	RESPONSE
GENERAL PROGRAM QUESTIONS	
Is Community Direct Support an EVV service?	Mi Via Community Direct Support is NOT an EVV service.
I am a participant who does not have an Employer of Record (EOR) and get all my services through vendor agencies. Am I required to use EVV?	<p>In Mi Via, participants who only use vendors do not need an EOR at this time. The participant, or their authorized signer if the participant is using one, is currently identified in the EVV system as the “employer”.</p> <p>The vendor agencies contracted by the participant are still required to use the EVV system.</p>

QUESTIONS AND CONCERNS: PROGRAM QUESTIONS

QUESTION	RESPONSE
GENERAL PROGRAM QUESTIONS	
How do vendor agencies get their employee ID numbers?	A Provider/Vendor Agency sets up their worker in AuthentiCare using the “provider registration”. When the Agency registers their worker in AuthentiCare, they will be assigned a Worker ID . The Agency must share the Worker ID with the worker/employee. The Worker ID will be used by provider/vendor agency employee to clock in and out.
How do employees working for an EOR get their ID?	Palco has already set up Mi Via and Supports Waiver Self-Directed employees. These employees have been issued a Palco ID . These workers will use their Palco ID for clocking in and out.

QUESTIONS AND CONCERNS: PROGRAM QUESTIONS

QUESTION	RESPONSE
GENERAL PROGRAM QUESTIONS	
<p>What is the difference between a Worker ID and Palco ID?</p> <p>When is the Worker ID used?</p> <p>When is the Palco ID used?</p>	<p>Worker ID is generated by AuthentiCare when a vendor agency registers their worker or independent contractor. Worker IDs are used by provider/vendor agency employees or independent contractors to clock in and out.</p> <p>Palco ID comes from Palco and is used by employees who are directly hired by the participant/EOR. Palco IDs are used when clocking in and out.</p> <p>Please reference the EVV Workstream to determine the proper IDs to be used for clocking in and out.</p> <p>https://palcofirst.com/wp-content/uploads/2020/12/NM-EVV-WORKSTREAMS-FINAL-FOR-DISTRIBUTION.pdf</p>

QUESTIONS AND CONCERNS: FROM EOR’S

QUESTION	RESPONSE
QUESTIONS FROM EOR’S	
My employees still have not received their employee IDs. What should we do to ensure payment?	<p>Every self-directing Employer, Participant and Employee has a unique Palco ID number. Some letters may have mistakenly indicated the same ID numbers for Employer and Employees, new letters were mailed out.</p> <p>If you have not received your Palco ID number or want to confirm its accuracy:</p> <ol style="list-style-type: none">1. Contact the Consolidated Customer Service Center (CCSC) at: 1-800-283-4465 and Press *2. You can also send an email to: NMEVVID@Conduent.com <p>Please include your contact information and someone will contact you to help you with your Palco ID.</p> <p>Employees will continue to be paid if they also enter their time in the FOCoS system and the EOR approves the time, in addition to clocking in/clocking out. “Double billing” will not be an issue during implementation of the EVV system.</p>

QUESTIONS AND CONCERNS: FROM EOR'S

QUESTION	RESPONSE
QUESTIONS FROM EOR'S	
My employees have clocked in and out using IVR but I do not see their times in the FOCoS system. Is the system not working?	Employee clock in and clock out time captured by the IVR will be transferred to FOCoS. Due to this new program implementation, this transfer is not being done in real-time. The file transfer for 1/1/21 is still being processed. The transfer time will improve once we get through implementation and you will be able to see their times in FOCoS.
Does implementation of the EVV system change my relationship with my employees?	<p>Implementation of the EVV system does not change the relationship between the EOR and their employees. EORs are still the employer and responsible for:</p> <ul style="list-style-type: none"> • Finding Qualified Employees • Finding Qualified Vendors • Hiring Employees • Setting Employee Pay Rates (Mi Via only) • Training Employees and Vendors in accordance with program Service Standards • Setting Employee Work Schedules • Approving Employee Timesheets and Vendor Payments

QUESTIONS AND CONCERNS: FROM EOR'S

QUESTION	RESPONSE
QUESTIONS FROM EOR'S	
<p>My employee is hard of hearing and unable to use the IVR system. Can we receive an exemption to using EVV until the mobile phone apps go-live in 2nd quarter 2021?</p>	<p>Participants/EORs can apply for a temporary exemption for an employee who is unable to use the IVR due to hearing. Participants/EOR's can work with their Consultants and apply for the temporary exemption for the employee using the Online Timesheet Exemption Form. The employee will continue to enter time in the FOCoS system; the EOR will continue to approve the time.</p> <p>Exemptions are only granted to the employee who cannot use IVR, all other employees should continue to use the IVR for their clock in and clock out times.</p> <p>Once the mobile app goes live, the temporary exemption will cease, and the employee must start clocking in and out.</p>

QUESTIONS AND CONCERNS: FROM VENDOR AGENCIES

QUESTION	RESPONSE
QUESTIONS FROM VENDOR AGENCIES	
<p>All my workers that provide EVV services are independent contractors. They are not direct employees. Do we still need to use EVV?</p> <p>I am an independent contractor, do I need to comply with EVV requirements?</p>	<p>Yes, EVV must still be used for clock in and clock out for required services:</p> <ul style="list-style-type: none"> • Mi Via: Homemaker/Direct Support, In-Home Living Supports, and Respite Standard • Supports Waiver: Personal Care and Respite <p>Use of EVV for personal care services is federal requirement and is required of all provider/vendor agencies, their employees, or agents.</p> <p>In addition, NMAC 8.314.6.12 states that service providers and vendors must maintain records, which fully document the extent and nature of services provided to participants. This documentation should include time spent providing services. The documentation should comply with random and targeted audits conducted by MAD and DOH or their audit agents.</p> <p>Vendor agencies, including their employees or independent contractors must comply with the documentation requirement which includes documentation of time spent delivering services.</p>

QUESTIONS AND CONCERNS: FROM VENDOR AGENCIES

QUESTION	RESPONSE
QUESTIONS FROM VENDOR AGENCIES	
<p>What is a Primary Administrator? How is one set up in AuthentiCare?</p>	<p>Agencies should designate a Primary Administrator who is accessible to workers for functions such as resetting/unlocking accounts. More than one Administrator is preferred.</p> <p>Examples of functions of a Primary Administrator include:</p> <ul style="list-style-type: none"> • Enroll new workers • Establish administrative users • Reset passwords • Manage workers and participant information • Run and view reporting <p>Detailed functions of a Primary Administrator are outlined in the Authenticare Agency User Guide available at:</p> <p>https://palcofirst.com/wp-content/uploads/2020/12/ACR Palco NM User Guide.pdf</p>

QUESTIONS AND CONCERNS: FROM VENDOR AGENCIES

QUESTION	RESPONSE
QUESTIONS FROM VENDOR AGENCIES	
<p>My vendor agency employees received a letter with client and employee IDs. Was this an error?</p>	<p>It is important to note that vendor agency employees may also be providing services as a direct hire with a participant/EOR and will be issued a Palco ID for use when clocking in and out for these waiver services.</p> <p>Agencies should continue to register their employees and obtain a Worker ID. When providing services under your vendor agency, your employee must use the Worker ID you provided them to clock in and clock out.</p> <p>Please reference the EVV Workstream to determine the proper IDs to be used for clocking in and out. https://palcofirst.com/wp-content/uploads/2020/12/NM-EVV-WORKSTREAMS-FINAL-FOR-DISTRIBUTION.pdf</p>

QUESTIONS AND CONCERNS: FROM VENDOR AGENCIES

QUESTION	RESPONSE
QUESTIONS FROM VENDOR AGENCIES	
<p>A waiver participant may be in a location outside of their home, such as in the community or on vacation, but require EVV services. How should these be addressed within the EVV system?</p>	<p>Agencies should refer to waiver Service Standards as to where services can be rendered. Agencies should develop internal processes that address concerns of potential misuse of the EVV system.</p> <p>Some agencies are getting notification of “exceptions”. Exceptions are used to readily identify visits that do not meet the business rules established for the program. When calling into the IVR from an unidentified number, an exception occurs indicating that the agency must review the clock in and clock out. <i>AuthentiCare is not enforcing any exceptions during Phase 1.</i> However, in the future, calling into the IVR should occur from a phone number that is registered and identified in AuthentiCare. When calling into the IVR from an unidentified number, a critical exception will occur indicating that the agency must review the clock in and clock out.</p> <p>In Phase 2, IVR clock in and clock out must occur from a registered number. Additional training to follow.</p>

QUESTIONS AND CONCERNS: FROM VENDOR AGENCIES

QUESTION	RESPONSE												
QUESTIONS FROM VENDOR AGENCIES													
Employees have chosen the wrong service code when clocking in and out. What should we do?	<p>Agency Primary Administrators should correct the service code in AuthentiCare.</p> <p>The IVR menu lists all the EVV services for all the waivers: DDW, Mi Via, and Supports Waiver. Agencies must provide guidance to employees of the correct service to choose in the IVR menu.</p> <p>Mi Via and Supports Waiver Self-Directed services are read aloud as follows in the IVR system:</p> <table border="1"> <thead> <tr> <th>SERVICE NAME</th><th>SPANISH TRANSLATION</th></tr> </thead> <tbody> <tr> <td>Mi Via Homemaker/Direct Support</td><td>Apoyo directo/Servicio doméstico de Mi Via</td></tr> <tr> <td>Mi Via <u>In</u> Home Living Supports</td><td>Apoyos para la vida en el hogar de Mi Via</td></tr> <tr> <td>Mi Via Respite</td><td>Programa de descanso de Mi Via</td></tr> <tr> <td>Supports Waiver Personal Care</td><td>Exención de apoyos de cuidado personal</td></tr> <tr> <td>Supports Waiver Respite</td><td>Exención de apoyos del programa de descanso</td></tr> </tbody> </table>	SERVICE NAME	SPANISH TRANSLATION	Mi Via Homemaker/Direct Support	Apoyo directo/Servicio doméstico de Mi Via	Mi Via <u>In</u> Home Living Supports	Apoyos para la vida en el hogar de Mi Via	Mi Via Respite	Programa de descanso de Mi Via	Supports Waiver Personal Care	Exención de apoyos de cuidado personal	Supports Waiver Respite	Exención de apoyos del programa de descanso

GUIDANCE FOR USING EVV ACROSS AGENCIES & SELF-DIRECTION

NEW MEXICO EVV WORKSTREAMS

GUIDANCE FOR USING EVV ACROSS AGENCIES AND SELF-DIRECTION

- This resource helps identify the differences in using Electronic Visit Verification (EVV) in an agency vs Self-Direction. It's important to note a worker may fall in both of these workstreams and must use both workstreams when that happens. Choose carefully the correct workstream for how your payments will be made. This document is not for Self-Directed Community Benefit (SDCB).
